A few words from Bob

You might not be familiar with the redwoods that tower hundreds of feet in the air, or the rhododendrons that are flowering this time of year. It is beautiful, but the remoteness of this area sometimes includes a shortage of diverse and high quality radio programming. When you don't have the program you want, you stop taking it for granted. This is the reason we started developing radios and antennas that bring in stations from far away.

Along our "radio way" we found and used energy saving white LEDs to make an emergency radio more useful when the power is out. As with radio, we have stayed in the forefront of this technology and we are now applying this super energy efficient technology to main-stream light bulbs.

We hope you enjoy leafing through our catalog. It would be our pleasure to hear from you.

*A stand of Redwoods in
Humboldt County, California*

A handwritten signature in black ink, appearing to read "Bob C. Crane".

Our Mission

Our mission is to find, develop and deliver items that enhance your life. As we have done for almost 30 years, we promise to:

- Test everything before it goes into our catalog, and answer all your questions when you call or write to us.
- Carry items based on their own merits and never let manufacturers buy their way into our catalog.
- Help you make a wise purchase.
- Extend customer service beyond the sale, and always make sure that we take care of you to the best of our ability.

If you are receiving more than one catalog or you have moved, please call us at 800-522-8863 or go to ccrane.com/address-update

What's New at C.Crane ...

Along with a few new, hand-picked WiFi radios, we have two new CC Radio models including the full-sized CCRadio-SW and the pocket-sized CCRadio-SWP. The CCRadio-SW adds Shortwave reception to the legendary AM/FM performance of the original CCRadio, while the CCRadio-SWP delivers excellent AM/FM and Shortwave in a handy travel size.

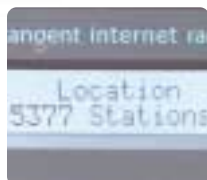

There are also a few new things that aren't in our catalog yet, but should be mentioned. We are progressing on the Mini CC Radio. All customers who have ordered from us in the past will receive a personal letter of notification when the first shipment of Mini CC Radios is confirmed.

C. Crane has also finished a prototype of a white LED light bulb called the GeoBulb. It puts out 60 Watts of light, but uses just 9 Watts of power. It lasts three times longer than the best compact fluorescent bulb, but uses 30% less power. It should be available by Fall.

If you would like the latest news about the GeoBulb and the Mini CC Radio — and their Patent Pending breakthroughs, please sign up at ccrane.com/subscribe

In this catalog there is no change to our “Free Shipping” policy. In our Fall catalog, we will publish the purchase price of each item and include a chart of shipping fees. Even as the cost of delivering your package increases, we will keep the fees as reasonable as possible.

What's not changing is our staff — we will always be there to answer your questions and help you with our products.

Sonido Radio *The Elegant Weather Radio*

With a smaller, elegant Sonido Radio in your home or office, you can

enjoy your favorite AM and FM programming while getting all the benefits of a fine weather radio. The all-hazards NOAA Weather Band means the Sonido can alert you to any widespread incidents that affect your neighborhood. Excellent AM/FM reception and TV audio channels 2-13. Stereo headphone jack. Audio-in jack. Runs 250 hours on fresh set of four "D" alkaline batteries (not included). AC Adapter included. Two year warranty. Weight: 1.75 lbs. Size: 9" W x 5.25" H x 2.2" D. More information at SonidoRadio.com

Item #SNR \$99.95

Boston Acoustics Recepter® Radio

Advanced circuitry, Digital AM/FM tuning, and enhanced bass create unparalleled musical audio for its size. The Recepter® outperforms all other AC only, similar table-top radios. AM and FM stations come in clear and distortion-free right out of the box. For enhanced AM performance we recommend our Twin Coil Ferrite™ AM Antenna. 20 station presets, dual-clock alarm. No headphone jack. Weight: 4 lbs. Size: 7.5" W x 4.5" H x 6" D.

CCRadioplus – AM • FM • TV AUDIO • WEATHER + ALERT

The radio designed for long-range AM Reception!

When you turn on a CCRadioplus, you get excellent AM radio reception, day or night, and even at long distances. Whether you're listening to news, advice, entertainment or sports, they all sound just right on the CCRadioplus. You will notice the speaker sounds different from other radios

you've used before. We use a speaker and audio amplifier that are specially tuned to the human voice. When you tune to your favorite station, the signal meter and fine-tuning knob verify that your reception is always at its best. With today's updated NOAA radio service, the built-in Weather Radio works as an "all hazards" information radio. So, in addition to your local weather forecasts, you can use the weather band and weather alert feature to track any significant events that affect your area. AC cord included. Also

runs on 4 "D" batteries (not included) for over 250 hours of use.

Other features include: 5 memories per band (AM, FM, Weather and TV Audio for channels 2-13), display light, adjustable bass and treble, clock alarm, sleep timer, auto scan, stereo headphone jack. Weight: 4 lbs (without optional batteries) Size: 11" W x 6.5" H x 4" D. For detailed specs on the CCRadioplus, please visit ccrane.com/specs

NEW!

Sangean HDT-1 HD Radio Component Tuner

The Sangean HDT-1 HD Radio Component Tuner is an easy way to add an HD radio component to your stereo system. The HDT-1 picks up more

HD radio multicasts than other stand-alone HD radios we tested, and it has a great HD Seek button (on the remote control) that makes finding new HD radio stations a breeze. The HDT-1 gets even better HD radio reception when used with an FM Reflect Antenna (page 35). RCA outputs (RCA type audio cable included). Review additional specs online at ccrane.com/HDT-1 Weight: 5.7 lbs. Size: 17" W x 2.75" L x 10" D.

Item #HDT \$199.95

Boston Acoustics HD Radio

With High Definition (HD) digital radio, FM stations sound better and have more content, and AM stations sound more like FM. HD radios also receive extra information such as artist/song names, weather, traffic info, etc. Works best within 25 miles of an HD station. For a list of HD stations visit ccrane.com/hd-radio Weight: 4.25 lbs. Size: 7.7" W x 4.25" H x 5.9" D. Included Companion Speaker Size: 4.7" W x 4.25" H x 5.9" D.

Item #BHD \$299.95

The FM Reflect (page 35) is the perfect indoor antenna for High Definition (HD) FM radio. It picks up the HD signal with a flat response for the cleanest reception.

▶ About HD Radio

Turn on an HD (High Definition) radio and you'll discover the latest secret of the airwaves: FM stations now match CD quality sound, and there's more free music and entertainment than ever. While HD Radio still has to iron out some kinks with

AM HD reception, on FM you can enjoy up to three multicast feeds per station. Depending on where you live, that could mean loads of music you didn't think played on the radio any more, and a lot more choice of what to tune in and enjoy.

Sony The Radio ICF-M1000

The sleek Sony ICF-M1000 looks and sounds a lot more expensive than it is. The cherry cabinet enhances the radio's monaural bass reflex speaker, giving you rich, room-filling sound. Listen to AM or FM radio, or connect your MP3 player or computer to the audio input jack and enjoy your own tunes. Three knobs control volume, tuning and tone, and a unique prismatic LCD displays the time and frequency. Cloth-covered speaker, digital tuning, headphone jack (mono). One-year warranty. Weight: 6.2 lbs. Size: 11.75" W x 6.75" H x 7.75" D.

Item #STR \$149.95

WR-2 Wooden Radio

A slightly larger wooden cabinet and a unique blending of audio frequencies make the WR-2 an excellent radio for music listening. The large digital display is easy to read, and has a gentle, blue LED background. An RDS (Radio Data System) decoder displays station and program information on FM. As nice as all these extras are, it is the smooth sound emanating from the thick wooden cabinet that sets the WR-2 apart. Features: Line-in for any MP3 player, clock with alarm, independently adjustable bass, treble and backlight, and includes a remote control. Available in Cherry, Black, or White. Weight: 5.9 lbs. Size: 9.6" W x 4.6" H x 7.1" D.

Item #WRC ... Cherry ... \$169.95

Item #WRB ... Black \$169.95

RCR-2

Atomic Clock Radio

This stylish radio has two alarms as well as a sleep

and nap timer. Since it's Atomic, you'll never have to worry about setting the time or date again. Wake to your favorite radio shows on time, every-day, and never miss a beat. Features 14 station presets, snooze button, lighted display including day of the week and date, and stereo headphone jack. AC power only. Weight: 2.3 lbs. Size: 7.5" W x 3" H x 5.3" D.

Item #RC2 \$69.95

Radio Accessories begin on page 27 — Antennas begin on page 32

Boston Acoustics MicroSystem CD Player/Radio

The Boston Acoustics CD MicroSystem combines legendary Boston Acoustics

sound quality with a powerful, state-of-the-art tuner to deliver big, clean distortion-free sound. Whether listening to CDs, radio, or your MP3 player (through the line-in jack), this graceful unit brings stunning audio to your bedside, office, shop or kitchen. A credit-card size remote stores in the unit. In a side-by-side comparison, we found that this radio has slightly better audio than even the best-selling desktop "B" radio. More features online at ccrane.com/MicroSystem Weight: 8.5 lbs. Size: 14" W x 4.4" H x 7.75" D.

Item #MSR \$499.95

Tivoli Audio Kloss Model One Radio

This simple, stylish, small radio produces rich sound in an uncluttered, solid wood cabinet. Excellent FM reception, with fine AM for local stations. For the ultimate in AM reception, couple it with one of our AM antennas.

Features: external AM and FM antenna jacks, head-phone jack, AUX input selection switch, and audio output jack. AC cord included. This radio "sings" with our FM Reflect antenna (page 35). Weight: 4 lbs. Size: 8.5" W x 4.5" H x 6" D.

Bob Crane uses his WiFi radio to tune in stations that even his advanced radio equipment can't bring in. He calls WiFi "the new people's radio." Bob gets news from Europe, Zydeco from New Orleans, and Oldies-music that he's either never heard before or now has a new appreciation for. Most WiFi radios use Reciva's WiFi technology to access over 5000 FREE Internet radio stations from around the world. All you need for the WiFi radio experience is a broadband wireless Internet network.

AE WiFi Internet Radio

The AE WiFi Radio can tune in over 5000 radio stations from around the world, and can even stream audio files off your computer's hard drive — and it's all wireless! The unique, twin-speaker design delivers great desktop stereo sound, and there are no subscription fees. Tune in radio stations from Poland, Brazil, China — anywhere — and enjoy music from your travels, your home, or someplace you've never even been. More information at ccrane.com/internet-radio Weight: 2.1 lbs. Size: 4.9" W x 6.7" L x 4.7" D.

Item #WFR \$299.95

Revo Pico Portable WiFi Internet Radio

VersaCorder Tape Recorder/Player

The VersaCorder is the easy way to record your favorite radio shows and never miss a thing. It attaches directly to the headphone jack of your radio and, when set to quarter speed, can hold up to four hours of information, news and entertainment on each side of a regular 110 min. cassette

tape (by using the six-day/event timer to eliminate commercial breaks between segments). Use it on the fly and just press record when your show comes on, or set the timer to record a radio show automatically. Set to normal speed for high quality music recording or to play back regular speed cassette tapes. Voice activation is

ideal for telephone calls, meetings, or interviews. Includes: AC Adapter and special tri-plug patch cord for use with CCRadioplus and other radios. Built-in microphone and pull-out handle. Also runs on four optional "C" size batteries. Sorry, no auto-reverse.

Recording directly from the telephone requires the use of the optional Phone Patch Cord. Weight: 2.4 lbs. Size: 10" W x 2.6" H x 6.5" D.

Digital FM Transmitter

Go wireless! Send audio from your computer or MP3 player to any nearby FM radio!

Use C. Crane's digital FM Transmitter to make a wireless connection between your computer or MP3 player and any nearby FM radio. You can use the FM Transmitter in your car, at home, or in your office, and get rid of any wires that clutter your desk or your floor. Simply connect it to the headphone jack of your device, find an open FM frequency on your radio, and play. The FM Transmitter works with anything that has an audio out or headphone jack — including internet and satellite radios, CD players, and even guitars. One customer told us she plugs the FM Transmitter into her TV and sends the audio to a small radio she keeps by her ear — brilliant! The FM Transmitter's delivered audio is considered superior by reviewers. AC Adapter included, or use 2 optional "AA" batteries. One of the few FM transmitters that is FCC approved. Choose any FM frequency between 88.3 MHz and 107.7 MHz. Available in black, white and silver. Portable. Size: 3" W x 3.5" H x 1" D. (Patent # US D483,024S)

Freeplay Plus – AM/FM/SW Wind-Up Radio

The high-quality wind-up radio!

If you don't have a radio and a light that work during a power failure ... you are crazy. The Freeplay Plus is the best alternative power, AM/FM, Shortwave radio in America. There's just no better choice for dealing with the frustration of a power failure. You can charge the built-in, NiMH battery pack through the spring powered generator, the solar cells, or the optional AC Adapter. A fully charged battery will run the radio for over 40 hours, and if the battery gets low, you can always wind it up. The Freeplay Plus also comes with a detachable, 3-White LED light with a magnetic base, making it the perfect combination of essentials you need during a power failure, or when you're just "away from it all." Whether camping in remote country, playing cards in a blacked-out living room, or greening your thumb in the garden, the Freeplay Plus can go where you need it, when you want it, and without the need for any external power. Its superior AM and Shortwave reception makes it an excellent everyday radio. Continuous coverage of 10 SW bands from 3.0 to 18.1 MHz. Built-in stereo headphone jack. Weight: 5 lbs. Size: 11" W x 8" H x 8" D. With four ways to power it, the Freeplay Plus almost becomes a perpetual radio. A C. Crane exclusive.

ATS 505P — AM/FM/SW/SSB

The Sangean ATS505P is a portable shortwave radio with good audio and single sideband reception (SSB) all at an excellent price. This is a perfect entry-level shortwave radio with full shortwave coverage (from 1.711 to 29.999) and outstanding shortwave reception. The 505P has many features you usually find only in larger portable radios, like direct keypad entry, 45 memory presets and automatic search and store. Runs on the included AC Adapter or four "AA" batteries (not included). Earbuds, carry case and portable shortwave antenna included. More features listed at ccrane.com/505 Weight: 1.5 lbs. Size: 8.5" W X 5.3" H X 1.5" D.

Item #505 \$129.95

CCRadio-SWP — AM/FM/SW

Our new CCRadio-SWP pocket radio has exceptional AM reception and fine audio quality. It's sensitive enough to outperform all comparable radios of its size, but small enough to tuck in a shirt pocket. Basic tuning is easy for world AM/FM and Shortwave reception. Our manual supplies the details. Features alarm, clock, direct key entry, stereo headphone jack and carry pouch. FM 70.0-108.8, AM 522-1620, (9k) / 520-1710 (10k), SW1 2300-7500, SW2 9200-22000.

Runs on 2 "AA" batteries (not included) or optional AC Adapter. Weight: 6.5 oz. Size: 5" W x 3" H x 1.2" D.

Item #SWP \$49.95 — Available in June

CCRadio-SW

— AM/FM/SW

C. Crane is proud to introduce our newest powerhouse portable radio — the CCRadio-SW. Thanks to the built-in Twin Coil Ferrite™ AM Antenna, this masterful radio has AM reception in the same class as the legendary CCRadioplus. It also delivers outstanding FM, **and — here's the big news — Shortwave**. This phenomenal radio offers the best combination of sensitivity, selectivity and audio performance ever for any radio of this price and size. Shortwave is excellent right off the whip antenna. The five-inch speaker is accurate, pleasant and reproduces deeper bass than any portable of similar size.

The CCRadio-SW comes with a large, lighted, easy-to-read LCD display and all the adjustments necessary for excellent performance under various conditions. C. Crane provides a clear, straightforward manual to get you started. Here are some of its outstanding features: RF Gain Control, Bandwidth Control, Bass and Treble Controls, Fast and Slow Tuning, 50 Memories, Lighted Buttons, Clock Radio with Snooze Alarm, Stereo Line Output and Headphone Jack, AM-RF Output for Input to Computer. Runs on four "D" batteries or four "AA" batteries (not included). Built-in charging circuit will recharge NiMH batteries right inside the radio, saving you both time and money. AC Adapter and antenna connectors included. Built-in carry handle. One-year limited warranty. Weight: 4.2 lbs. Size: 11.25" W x 7.25" H (9" H with handle) x 3.5" D.

ATS 818ACS Deluxe With Tape Recorder

— AM/FM/SW/SSB

A Custom Radio by C. Crane

The 818ACS is an outstanding SW receiver combined with a programmable cassette recorder. By eliminating the mute between stations and reducing tuning knob friction, our exclusive modifications give the "818ACS Deluxe" more of an analog sound and feel. We also add an RCA-type jack for attaching an external SW antenna. Runs on AC Adapter (included) or 4 "D" and 3 "AA" batteries (not included). More specs at ccrane.com/ATS818ACS Weight: 5.5 lbs. 12" W x 7.5" H x 3" D. One-year warranty by C. Crane Company only.

Item #8CD \$249.95

Getting Started In Shortwave

The first thing to decide is what size portable radio you need.

SMALL (under 6" wide): If you travel, perhaps the smallest radio is best. As a radio gets smaller, performance generally decreases slightly in sensitivity (ability to pick up a weak station) and selectivity (ability to distinguish close stations). Since the speaker is small, a good set of headphones is a wise investment.

MID-SIZE (about 8" wide): This size radio is multi-purpose. Small enough to travel with or just carry around. Also suitable as a desk radio. Audio quality is good enough for extensive listening.

LARGE (about 12" wide): A real benefit of a larger radio is better audio quality, making it easier to listen to for hours on end. Larger radios seem to have better sensitivity and selectivity.

Uniden 370CRS Scanner

NEW

It is a scanner, an AM/FM radio and an atomic alarm clock!

The BearCat 370CRS is a very sensitive scanner combined with a conventional AM/FM radio — and it can save your life. This convenient tabletop scanner picks up police, fire and Ham, and covers 25 to 950 MHz with 300 memories. The BearCat covers all the popular scanning bands, including military and civilian aircraft, and can search and detect active frequencies that may not be published for your area. **It can receive both US and Canadian all-hazards alerts even when the scanner is turned off.** The BearCat 370CRS is the first radio to pick up and alert you to special digital NOAA emergency transmissions broadcast right off of AM and FM radio. 10 AM presets, 20 FM presets and TV (audio 2-13). It even has an accurate atomic clock and alarm that can be set to any time zone including GMT for the radio professional. Runs on included AC Adapter. Requires three “AA” batteries (not included) for limited backup power only. AM loop antenna included. Weight: 1.4 lbs. Size: 8.1" W x 3.25" H x 7" D.

Item #370 \$189.95

BC92XLT Scanner

The BC92XLT Scanner makes it easier than ever to scan the airwaves for **what is really going on** during a crisis. Close Call™ RF Capture

Technology can tune in nearby transmitter signals. This powerful scanner has the capacity to tune in police, ambulance, fire, Ham, weather bands, and civilian air traffic. Also captures signals at the auto races. Features include attenuator, priority scan, delay, and backlit display. Operates on 2 “AA” alkaline or rechargeable batteries (not included). Rechargeable batteries can charge in unit with included AC Adapter. Weight: 5.8 oz. Size: 2.75" W x 4.5" H x 1.75" D. 10.75" H with antenna.

Item #B92 \$159.95

“Finally, there is a pillow speaker that sounds great. The SoftSpeaker Pillow Speaker really works!”
— Steve Kruschen, Mr. Gadget

SoftSpeaker™ Pillow Speaker

This pillow speaker has saved a marriage or two ...

The SoftSpeaker is the first pillow speaker designed to not just go under your pillow (you can still do that if you like), but to sit right on your pillow, closer to your ear so you can keep the volume really low — where only you can hear it. To create the SoftSpeaker, we designed a highest-quality pillow speaker and encased it in soft, padded foam. Next we put it all in a teddy-bear soft cover that's so plush you can rest your ear right on it. Just plug it into the headphone jack of any radio, put the speaker on your pillow, and enjoy the highest music and voice fidelity ever available in a pillow speaker. The SoftSpeaker offers the perfect combination of comfort, privacy and quality. The durable, high-flex cord of the speaker and the fine craftsmanship of the soft, removable, washable cover ensure that you'll enjoy reliable, crystal clear sound.

Features:

- Frequency response: 20 Hz to 20,000 Hz.
- Speaker type: Neodymium-Ferrous-Boron (Rare Earth Magnet).
- One-year Warranty.

(Pat. #US D466,886 S) Weight: 1.5 oz.

Select-A-Tenna Regular Model

Double your daytime AM radio reception and reduce nighttime fadeout by 90% with our most magical antenna. The Select-A-Tenna is a highly sensitive AM radio antenna that requires no connection to your radio. It uses no batteries or external power source of any kind, and is an excellent solution for those "tough reception" months. Durable ABS plas-

tic. Frequency range 535kHz to 1700kHz. Made in USA. Lifetime warranty. Size: 10.8" dia. x 2.3" thick.

Item #S \$64.95

Select-A-Tenna Hardwire AM Antenna Equip your home stereo receiver with the best AM antenna for the money.

This wired model lets you use the powerful Select-A-Tenna with a receiver that has AM antenna input jacks. The Hardwire model has a special output jack and a three-foot, twin-lead wire for a direct connection to your receiver's AM antenna terminals. It can also be used without the wire as a regular Select-A-Tenna. Made in USA.

Item #HW \$69.95

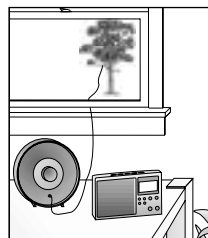

Select-A-Tenna, Model M

For use in all-metal or brick buildings, campers or trailers

The Model M is the same as the regular model with the addition of an external antenna and ground wire which plugs into the front of the unit. If reception of weak AM stations is markedly better outside your building than it is inside, you probably need a Model M. It is no more powerful than the regular model, and can be used like a regular model when the wires are not plugged in. USA.

Item #M \$74.95

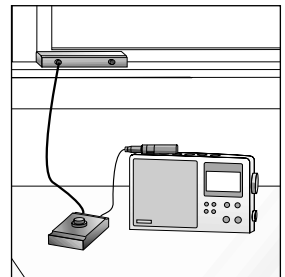

NOTE: AM antennas may not help with the problem of radio noise and static. Please visit ccrane.com/radionoise for more information. Also, check page 33 for the Twin Coil Ferrite™ AM Antenna by C. Crane.

Twin Coil Ferrite™ AM Antenna by C. Crane

The patented Twin Coil Ferrite AM Antenna (TCF) is the solution to most AM radio reception problems. No matter what kind of radio you're using, the TCF can double your daytime reception, reduce nighttime fade out, and even eliminate heavy static and distortion. That means better AM reception all day and all night long. You can connect the TCF AM Antenna to your radio to hear distant low-power stations with amazing clarity. Designed to work with everything from portables to home stereos. Its unique, wireless ferrite stick brings excellent reception to receivers without antenna connectors, while the included wire patch cord attaches easily to radios with antenna connectors. The basic TCF package comes with five feet of cable to connect the antenna to the tuner, but we also offer 25-foot and 50-foot extension cable kits (see below). Ideal for boosting AM radio reception in brick, stucco, or metal-sided homes. Runs on included AC Adapter or optional 9 Volt battery.

Tuner Size: 3.25" W x 4.3" H x 1.4" D. Antenna Element Size: 8.6" W x 2.5" H x 1.5" D.
(Pat. #US 6,529,169 B2)

For stucco, metal or brick buildings, or buildings with noise and interference, the Antenna Element can be placed in a window or outside for best reception.

Item #C75 ... 75 Feet of RG6 Coaxial Cable ... \$27.95

▶ **FM Radio Listening**

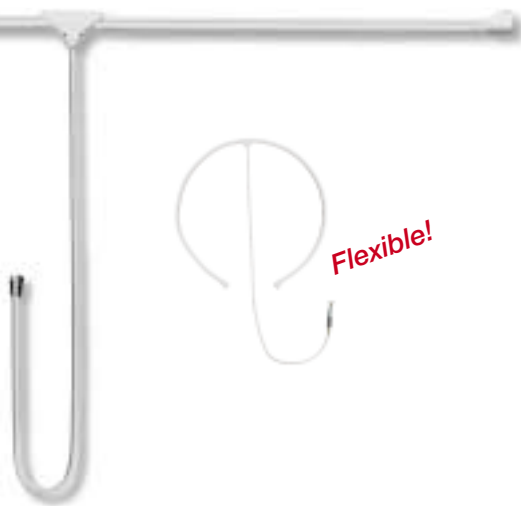

Commercial FM broadcasts at frequencies 100 times higher than AM and has its own set of reception problems. Common FM reception issues are multiple stations on one

frequency and multi-path hissing caused by hills, buildings and even foil-faced insulation. The best solution to these problems is one of our powerful indoor or outdoor antennas.

FM Reflect Antenna

***Our best
indoor FM Antenna
works wonders with
HD Radio too!***

The quickest, easiest way to improve the FM reception of your portable radio or stereo

receiver is with an affordable FM Reflect Antenna. The FM Reflect is the only FM antenna that you can bend and shape to get the best reception from the circular polarization now used by many FM stations. If you've made the leap to High Definition (HD) radio, the FM Reflect is also one of the few antennas that tested well with the new digital signal.

Now for the technical part: Compared to other indoor FM antennas, the FM Reflect achieves a higher signal-to-noise ratio and is less susceptible to interference from surrounding objects and people. The advanced dipole design is up to 213% more powerful than a standard dipole antenna, and delivers maximum gain across the entire FM broadcast band. Unlike ordinary dipoles, with the FM Reflect Antenna there is no fall off near the end of the FM band.

Size: 54" element with an 8-foot feed line. Weight: 8.5 oz. Comes with "F" connector, balun spade connector and alligator clip.

Item #CAM \$44.95

Porch Lights

Saving Money and Energy with LED Light Bulbs

LED light bulbs give off directional light, so the light goes where you aim it. LED bulbs are closer to the color of daylight — which new studies suggest is good for staying alert. Use an LED light bulb in a task or reading light, and you'll have a bright, white light to work by. LEDs not only produce light more efficiently, they have a tiny mirror that reflects the light in one direction. A directed light means less wasted light.

Desk & Task Lamps

The best way to start using LED light bulbs is to try one bulb first. Swap out a regular bulb on your porch, in a ceiling can, task or accent light, or maybe replace a bulb that you leave on at night. To get familiar with LED light bulbs, we recommend you experiment with different lighting combinations and see how their reduced light output and lower power usage works for you.

Our LED bulbs have Edison bases and will fit

your existing lamps and fixtures. With LED light bulbs and just a bit of planning, you can create a more interesting lighting environment, while cutting down on your electric bill.

Ceiling & Ambient Light

To help you plan where and how to use LED light bulbs effectively please visit ccrane.com/LightingPlan

CC Sun's Dusk Accent Light

Turn any bedside lamp, hallway or ceiling light into an energy efficient accent light! The mild radiance of the Sun's Dusk bulb creates a gentle glow that reminds us of the setting sun. The soft yellow light is ideal where you wish for mood setting illumination. The 18 LEDs use only 1.4 watts and work with dimmer switches. Two-year warranty. Size: 4.25" H x 2.5" Dia.

Item #SDB \$14.95

LED Light Bulb Economy Pack

We've put together this special new Economy Pack of LED Bulbs to introduce you to the wonderful variety of LED bulbs. **Use these LED bulbs to reduce your power-load and save money on lighting around your home or workplace.** This package includes our most popular models used for task, reading, outdoor and accent lights.

Contains one CC Vivid 72 LED Spotlight, two CC Vivid+ LED Bulbs, and one CC Bright Night™ Night Light Bulb. Sold separately, this package retails for \$169.80, but with this special deal you can get all four bulbs for just \$144.95.

Item #LBK \$144.95

CC Vivid+ 36 LED Light Bulb

120V and 12V LED Bulbs

*For light the same color
as daylight!*

The 120 Volt CC Vivid+ uses just 2.5 Watts of power (0.6 watts for the 12 Volt bulb) and has no glass or fragile filament to burn out and leave you in darkness. It has 36 LEDs that run cool and cast a broad, energy-efficient light similar to the comfortable glow of daylight. The CC Vivid+ is perfect for task lights, reading lamps, accent and porch lights. It even works with dimmer switches. Available for 120 Volt systems and 12 Volt systems. Two-year warranty. Size: 3.25" H x 2.25" Dia.

Item #VVP ... 120V ... \$44.95

Item #12P ... 12V \$44.95

Brushed Nickel Gooseneck Lamp

For an instant-on, energy-saving task or reading light put your new CC Vivid+ LED Light Bulb in this Brushed Nickel Gooseneck Lamp. This nickel lamp has a flexible neck that lets you shine the energy-saving light right where you need it. The weighted base holds the lamp firmly in place, and the over-sized On/Off knob is easy to find in the dark. Also works great with our CC Vivid PAR 20 LED Light Bulbs. Powered by 120V AC power cord. Bulb not included. Weight: 3 lbs. Size: 16.75" H x 5.9" Dia. base.

Item #BNL \$29.95 — Available in June

CC Vivid PAR 20 LED Spotlight and Floodlight

The CC Vivid PAR 20 has 36 white LEDs behind a real glass lens. It casts a gentle white light that is similar to day-light. The bulb has a standard Edison base and fits just about everything from small track lights to reading lamps and ceiling cans. The spotlight model has a focused beam and the floodlight model has a more dispersed light. Both bulbs work with dimmer switches. 2.5 watts. Two-year warranty. Size: 3.25" H x 2.5" Dia.

Item #VFL ... Floodlight ... \$44.95

CC Bright Night™ LED Bulb

***A new night light
for your home!***

The CC Bright Night is a **revolutionary night light**. Night lights should be cheap to operate and last a very long time — which is why we designed our very own LED model — the CC Bright Night. These 120 Volt bulbs last up to 60,000 hours, run cool, won't shatter like glass, and are super energy efficient. Fits most standard night light fixtures. 0.85 watts. Two-year warranty. Weight: 0.3 oz. Size: 2" H x 0.75" Dia.

Item #BNB \$19.95

Night Light Fixture with Switch

An inexpensive night light fixture with an On/Off switch that works perfectly with our CC Bright Night™ bulb. UL listed.

Item #NLS \$4.95

CC Vivid 72 LED Spotlight

This economical, high-quality spotlight is **perfect for those hard-to-reach places** where it's difficult or dangerous to change the light bulb. The 72 LEDs use only 7.3 watts of power in the 120 Volt model — 5.4 watts in the 12 Volt model — and can last over 11 years. Use it as a porch light or in a motion sensor and save a lot of money over the life of the bulb. It's also great for illuminating signs, addresses, and other things that need to be well lit. Available for 120 Volt systems and 12 Volt systems. Two-year warranty. Weight: 12.5 oz. Size: 4.75" Dia.

Item #V72 ... 120V ... \$59.95

Item #V12 ... 12V \$59.95

CC Vivid PAR 30 LED Floodlight

Save money on electricity the easy way. Replace your hot, fragile, expensive halogen or incandescent floodlights with the mid-sized CC Vivid PAR 30. Sixty LEDs use only 4.4 watts of power to give you an economical, energy efficient floodlight. Like all our LED light bulbs, the CC Vivid PAR 30 is UL Listed and has a two-year warranty. 120 Volt. Size: 3.7" H x 3.75" Dia.

LED Under-Cabinet Lighting Bars

NEW

Under Cabinet Lighting just got brighter, cooler, more energy efficient, and requires virtually no maintenance.

LED Under-Cabinet Lighting is a low-profile, money saving solution to brightening up the counters in your kitchen, bathroom or entertainment center. Our six LED or 12 LED lighting bars install easily with just a twist of a screwdriver, and give you a soothing, ambient light that doesn't bulge out and buzz like fluorescents. Each high powered, one watt LED puts out about 7 watts of light. LEDs last about 60,000 hours, don't get hot, and use just pennies a day in power. Mounting screws, directions included. Six LED Bar Size: 2" W x 10.25" L x 1" D. 12 LED Bar Size: 2" W x 19.45" L x 1" D.

Aeonic Extended Gooseneck Lamp

Few lamps live up to the bill of being perfect — but that's just what we think of the Aeonic Extended Gooseneck Lamp. The long neck, heavy base, and collection of 20 energy efficient, cool-running, white LEDs make this lamp perfect. The super long gooseneck makes this lamp so versatile you can shine light just about anywhere. As a bedside lamp, the 36-inch neck adjusts to just the right height and angle to illuminate a book and not disturb anyone trying to get some sleep. AC Adapter included. Steel. Size: 3.5" Dia. at base. 2 watts.

Item #ENL \$99.95

20 Energy Efficient
White LEDs

Z-Bar LED Desk Lamp

The Z-Bar LED Desk Lamp's award winning, modern design fully adjusts to aim the light directly where you want it. It runs cool, looks cool and doesn't take up a bunch of space. The flat, weighted base looks great anywhere on your desk, but if space is a premium, it can clamp directly to your desk. Lamp LEDs last up to 30,000 hours. Weight: 4.25 lbs. Size: 16.25" H. Mini Luxeon LED Flashlight

***One AA battery powered
Luxeon flashlight!***

This compact flashlight has a powerful, bright Luxeon bulb that gives off an impressive amount of light

for its tiny size. A solid-state, Luxeon Emitter uses just one watt of power to cast a bright, narrow beam of light. Aluminum. Push-button On/Off switch. It uses a single "AA" battery (not included) for over 2 hours of bright light and another 6 hours of useful light. Lanyard included. Weight: 2.4 oz. Size: 4.25" L x 0.9" Dia.

Item #MLX \$19.95

Aluminum LED Flashlight

Very good quality at a very low price! This super cool, medium-sized 3-LED flashlight is machined from a solid block of aluminum, has double "O" rings, and casts just the right amount of light. Item #3LF \$9.95

Item #3LF3 ... 3 for \$24.95

LED Flashlight Buyers Guide

When selecting an LED flashlight, keep in mind your specific requirements.

If you need a powerful, compact flashlight for your keychain, glove box, purse or briefcase, we recommend our single battery, small flashlights.

For LED flashlights that match the brightness and range of conventional flashlights we recommend the powerful, energy efficient Luxeon-equipped Trinity and Unity models.

All brighter flashlights have shorter battery life.

Unity Luxeon LED Flashlight

Our Unity LED Flashlight Breaks the Distance Barrier

The Unity Luxeon LED Flashlight takes advantage of new LED technology for an even brighter beam of light from a single 3-Watt Luxeon LED Bulb. The Unity uses just three "C" size batteries to put out as much light as the larger Trinity LED Flashlight (which uses three "D" size batteries). It casts a tight, defined beam of light that shines more than 100 yards. The Unity delivers up to 20 hours of full light followed by over 60 hours of usable light. Knurled, non-slip rubber grip practically sticks to your hand. Machined, black aluminum body. Double "O" rings for water resistance. Just the right size for self-defense. Push-button On/Off switch. Batteries not included. Lanyard included. Weight: 15.8 oz. Size: 9" L x 1.1" Dia.

Item #ULX \$49.95

The Trinity LED Flashlight ***Bargain!***

This hefty flashlight has **three 1-Watt Luxeon Star Bulbs** grouped together for an intense amount of light at an unbeatable price. It uses 3 "D" batteries (not included), and comes with a strap so you can get all the benefits of its high light output and power without having to worry about your arm going numb. In our tests, a fresh set of batteries shines brightly for 10 hours, and then it continues to give off useful light for over 24 hours. Meets FAA requirements for pilots' in-flight service. Weight: 2 lbs. Size: 12.25" L x 2" Dia. Strap: 57" L x 0.25" W.

NightStar 'No Battery' Flashlight

A 'shake-a-maroo' flashlight that really works.

The NightStar is **the first and only shake-to-charge flashlight we've tested that meets our high performance standards.** A clever combination of magnetic force and LED technology means you never have

to worry about batteries and bulbs. Shake it for 30 seconds for 20 minutes of light. New patented, end mounted, anti-shock magnets make for efficient shaking. Perfect for car. Waterproof and it floats beam up! Magnets should be kept away from computers. Weight: 11.2 oz. Size: 10" L x 2" Dia.

Item #NSF \$39.95

LC-3 Flashlight

This insanely inexpensive, 3-LED flashlight is small enough to tuck in your purse, briefcase, pocket or rucksack, but bright enough to put you at ease in the dark. It's made of solid aluminum and runs for 20 hours on ONE "AAA" battery (not included). At this price, every room and car can have an LED flashlight on hand. Lanyard included. Weight: 1.4 oz. Size: 3" L x 0.75" Dia.

Item #LC3 \$6.95

Item #LC34 ... 4 for \$24.95

Pocket Laser Flashlight

This little wonder gets Crane's award for the coolest inexpensive gadget. This little flashlight has a red laser pointer, an LED flashlight, and a magnetic base for hands free lighting. It even has a flexible shaft that puts light right where you need it. 3 button cell batteries included. Weight: 1.3 oz. Size: 6.4" L x 0.5" Dia. at base.

Item #PLF \$9.95

Item #PLF3 3 for \$19.95

CC Trek 4-LED Flashlight

The CC Trek Light now uses four ultra bright, white LEDs for double the light output of the original model. The Trek Light's unique design gives you over 40 hours of bright light followed by over 100 hours of useful light. The Trek Light's long battery life and shockproof slim design make it the perfect flashlight for a backpack or purse. The soft, even light cuts through darkness better than incandescent flashlights and without that frustration of a fragile filament bulb. The U.S.-made CC Trek LED Flashlight started a revolution in flashlights in 1998 and is still the one to be measured by. Bulbs last up to 60,000 hours. Durable "twist on/twist off" switch. Tested waterproof to 160 feet. Elasticized lanyard included. Highest quality. Uses 3 cost-efficient, convenient "AA" alkaline batteries (included). Weight: 4.5 oz. Size: 7.4" L x 1.3" Dia. Made in USA.

U.S. Patent # 6,168,288.

Dynamo Wind-Up LED Lantern

NEW!

With our new room-illuminating Dynamo LED Lantern, you don't have to panic when the lights go out. This lightweight, collapsible lantern has a handy crank built into the top, so whenever the light starts to fade out, you just wind it up and recharge the onboard NiMH battery. Pull the lantern out of its self-storing body, and choose between 9 and 15 bright white LEDs to light your way. You can even use the lantern to charge your cell phone. Fully charge the lantern with the included 12 Volt DC vehicle adapter or with an optional AC Adapter. Fully charged Dynamo Lantern provides five to seven hours of light. Weight: 1 lb. Size: 8.75" H x 5" Dia. Collapsed size: 6.1" H.

Item #DLL \$49.95

Item #DLA ... AC Adapter ... \$12.95

Freeplay XRay Wind-Up Flashlight

NEW!

The reliable Freeplay XRay wind-up LED flashlight is great for power failures and everyday uses. Just 30 seconds of winding in either direction recharges the internal power pack for up to 20 minutes of light. Or use the included AC Adapter for wall charging (20 hours of useful light off full charge, 3.5 hours on high beam). Outfitted with seven bright LEDs. High and low beam. The translucent case shows off the XRay's superb craftsmanship. Weight: 12.4 oz. Size: 2.25" W x 6.4" L x 2.25" D.

Item #FXL \$39.95

Illuminator Wind-Up Flashlight

Lowest Price

There are two main things that go wrong with flashlights: the batteries die, or the bulbs break. Our Illuminator Wind-Up solves both problems by combining wind-up technology with the reliability of unbreakable, white LEDs. Wind up the Illuminator for 60 seconds for up to one hour's worth of light. The shape is easy to hold while you wind it and charge the built-in Lithium battery. A single button lets you choose between two brightness levels. Best for the money. Weight: 6.1 oz. Size: 5.5" L x 1.75" H x 2.25" W.

Item #ILL \$19.95

Illuminator Wind-Up Flashlight and Radio

Wind-up power makes the Radio Illuminator AM/FM radio/LED flashlight the perfect low-cost answer for emergencies. Simply wind it up and you can listen to the radio anytime and find your way in the dark too! Rechargeable batteries and bulbs that never need replacing guarantee that it will be ready when you need it. When the power gets low, just wind it some more. You can choose between one and three ultra-bright LEDs, which makes it an ideal light for the home, car, RV, or boat. Handy wrist strap included. Weight: 7.4 oz. Size: 2.1" W x 5.75" L x 1.9" D.

Item #ILK \$24.95

Petzl Tikka XP LED Headlamp

Hands-free lighting

Petzl's Tikka XP is a fantastic headlamp that's also surprisingly comfortable to wear. The

XP uses one ultra high-output LED and 3 "AAA" batteries (included) for a powerful beam of light when you need it, and two levels of low-light when you don't. Sliding diffuser lets you choose between a wide or narrow beam of light. Lowest setting yields 120 hours of light. Battery indicator warns you when the batteries are low. Water resistant. 3-year Petzl guarantee.

Weight: 3.3 oz. Size: 2.9" W x 1.4" H x 1.9" D.

REPAIR SERVICE

We can repair most of the equipment we sell, in or out of warranty. Expect 3-8 weeks for repairs. We are only able to repair merchandise purchased from us at this time. Our repair charges vary. Call for a Return Authorization Number (RA#) before sending us a repair. Most repairs are \$59.95. A check or credit card number **must** accompany the insured product for repair. Please include contact information should we need to contact

you regarding the repair. Please remove all batteries and power cord before sending repairs. Our repairs are warranted for one year. For repair service, call us at (800) 522-8863.

If you are delighted or disappointed in our service, or have comments or products to help us serve you better, write to our president:

Fortuna, CA 95540

FREE Ground Shipping On Orders Over \$24

CUSTOMER SERVICE PROMISE

- We will provide a full refund, except shipping, if your item is returned to us within 30 days after your receipt. Please return in "as new" condition, with all accessories and paperwork, or a restocking fee may be charged.
- We will never sell a used item as new.
- We will never sell your name or information to anyone.

If you enjoy our catalog and our commitment to customer service, please request to be on our exclusive mail list.

Note: The only way to get on our mail list for future catalogs is for you to ask, or for us to make an error. If you are receiving more than one catalog or you have moved, we need to know. Please call us at 800-522-8863 or go to ccrane.com/address-update

PRIVACY POLICY

We do not release any information about you without your permission. Our next catalog, #18F, will mail in early October 2007. If you or a friend would like to receive a new catalog a few times a year, check the box on the order form, mail us a postcard, email or call us. Thank you for your support.

WARRANTIES

Our products all come with their full manufacturer's warranty; usually one year parts and labor, unless noted. If you have a problem with one of our products, you may want us to service the warranty. Please call for a **Return Authorization** number before returning an item for service. When we know what's coming back and what's wrong, we can process your return more efficiently. Please carefully pack and **insure** any item you send in for service to protect your investment.

OUR SATISFACTION GUARANTEE

If an item proves to be unsatisfactory within 30 days of receipt, you may return it to us for a full refund or credit toward other products. Please call for a **Return Authorization** number before returning an item. Returned products, original cartons and manuals must be in "as new" condition for a full refund. A reasonable deduction will be made for any damaged or missing items. Please keep the catalog. Sorry, no refunds on kits or custom cable and fittings. Be sure to carefully pack and **insure** your return.

BARGAINS ON RETURNED ITEMS

Because we offer our satisfaction guarantee, we sometimes have merchandise available at about 10% off our prices. The only flaw is usually wrinkled packing material. Each item is **carefully checked out and thoroughly cleaned. Full factory warranty is still in effect.** Our 30-day satisfaction policy still applies! To our knowledge we are one of the few electronics companies that does not sell returns as new.

Give us a call to find out what is available or check out our website for these "orphaned" items at ccrane.com. We invite you to sign up for our free weekly email notification of available returned items, new products, and special sale offers at ccrane.com/subscribe

Unless we have an unusual circumstance or error, our prices are good through October 1, 2007.

Krown StarPlus-45 Amplified Telephone

To put it simply, this is the best wired phone we've ever found for audio quality inbound and outbound. It satisfies all our requirements for an excellent phone: clear sound at any volume level, large LCD backlight display, lighted buttons, adjustable ring tone and volumes, flashing ringer, and 4

"AA" battery back-up. Batteries not included. Speaker phone, Caller ID and Call Waiting ID. Weight: 2.2 lbs. Size: 7.25" W x 2.5" H x 9.25" D.

Item #KAP \$159.95

Put A Phone Jack Anywhere Without Wiring

Excellent for rooms where you don't have a phone jack and don't want to run the wiring, and also a lot less expensive than having an electrician wire a room with a conventional phone jack. The best wireless phone jack we found, and it even works well in an environment with a lot of radio noise ... like next to a computer. Simply plug this device into any 110-Volt AC outlet and you can have a phone in any room, it's that easy. You can use the Wireless Phone Jack with a regular telephone line or with a computer to connect to the Internet at 33.6 kbps. Size: 2.8" W x 4" H x 1.8" D.

Item #WPJ \$99.95

Freeplay Weza Portable Energy Source

The Freeplay Weza is a back-up, portable energy source with enough power to run a radio or small TV, recharge your cell phone or jump-start your car.

Whether you're off the grid for a day or dealing with a drawn-out power failure, the Weza can keep you connected. You can fully charge the Weza off an AC or DC source, and then keep it charged with the step-powered generator. When using foot power, the Weza charges the internal battery at up to a 40-watt rate. Charging to full power by foot takes modest dedication. 66-inch jumper cables, cigarette lighter output, and AC Adapter included. Two-year warranty. More information at ccrane.com/Weza Weight: 20.5 lbs. Size: 8.5" W x 11.1" H x 17.25" D.

Note: This item is shipped from the East Coast, so it may arrive a little sooner or later than other products purchased on the same order.

Item #FFC \$294.95

Xantrex XPower PowerPack 400 Plus

The compact Xantrex PowerPack should be required equipment for the "head of the household", whether home is on land, the sea or on the road. During a power outage, plug a lamp into one of its two 120 Volt outlets or use its built-in flashlight. Use it on the road to jump start

your car or inflate your tires. Includes 12V output, jumper cables, **air compressor**, AC and 12 Volt charger adapters. Can be coupled with Freeplay's Portable Energy Source and double your mini power plant. Weight: 27 lbs. Size: 15.5" W x 9.4" H x 8" D.

Item #PWP \$139.95

Ten Watt Solar Panel

This beautiful, high quality Solar Panel puts out 10 Watts and 17.3 Volts peak power. That's enough power for an enormous amount of applications, including charging batteries, powering electronic devices and more. Works great with our QuickCharger Battery Charger on page 63. Real glass covers, iridescent, deep blue silicone in a tough anodized aluminum frame. Cigarette lighter plug on the end of a 6-foot lead wire also included. Weight: 3.8 lbs. Size: 11.5" W x 17.5" H x 1.3" D.

Item #SOP \$129.95

Product may vary from photo.

DC Stepdown Voltage Converter

Well-built, stable voltage up to 12 watts. Regulated power converter can be used with 1.5, 3, 4, 6, 7.5, 9, and 12-volt devices and comes with the six common tip sizes for use with anything from radios to cell phones. Also works with our solar panel or portable power pack. Visit ccrane.com/psd for list of tip sizes. Weight: 3.5 oz. Size: 2" W x 3" L x 0.8" D.

Item #PSD \$14.95

Single Outlet Surge Protector

This surge protector will reduce radio noise on an AC line. To test for radio noise, keep your radio in the same spot, and run it on batteries. If there's less noise with batteries, then this filter will help. Rated to 900 Joules. Weight: 2.6 oz. Size: 2.25" W x 3.25" H x 2.25" D.

Item #AC \$11.95

Bulk Alkaline Batteries

Our alkaline batteries have the same power as the big name batteries, but at a fraction of their price. Alkaline batteries store for two years and **still keep 90% of their energy**. As always, if you buy a box at a time, we give you a nice discount. Store in a cool, dry place.

Item #52A alkaline ... “AA” size \$24.00 (Quantity of 48)

Item #53A alkaline ... “AAA” size ... \$24.00 (Quantity of 48)

Item #30C alkaline ... “C” size \$30.00 (Quantity of 24)

Item #30D alkaline ... “D” size \$36.00 (Quantity of 24)

**Great
Prices
and
Quality!**

Nickel Metal Hydride Batteries

Now in common sizes!

High-drain battery users now have a fantastic new choice that has dropped dramatically in price. NiMH batteries have more power than even alkaline batteries, can be recharged or

topped off anytime, and don't have the same “memory effect” as NiCads. All rechargeable batteries self discharge about 10% of their energy a month. They can be recharged about 500 times and last for years. They work great in high drain situations like a digital camera or a transceiver. Colors may vary.

Item #NHA ... “AA” size (2200mAh) \$2.50 each

Item #N3A “AAA” size (850mAh) ... \$2.50 each

Item #NC “C” size (4500mAh) \$8.95 each

Item #ND “D” size (9000mAh) \$9.95 each

Large battery orders over 20 pounds shipped via U.S. mail will have an additional shipping charge.

Solar Battery Charger

NiCad & NiMH Batteries

This solar charger charges 2 batteries of the same type and size (D, C, AA, AAA). It puts out about 150mAh and about 5 volts. All of the other solar battery chargers we tested were unsuitable because their voltage was too low. Weight: 11.8 oz. Size: 6.8" W x 4.5" H x 2.3" D.

Item #SBC \$14.95

Battery Checker

Extend the life of your rechargeable batteries

Get reliable performance from your battery-powered radios, cameras, and portable gear. Use this digital battery checker for a quick and easy reading of all your batteries. To optimize your rechargeable batteries you should recharge them when they're down to about 1 volt. Measures all common battery sizes including 9 volt. Weight: 1.5 oz. Size: 1.5 " W x 3.3" H x 0.8" D.

Item #DBC \$14.95

▶ About Rechargeable Batteries

If you use a digital camera, you know how quickly it can burn through regular, single-use batteries. Using rechargeable batteries instead can save you a lot of money. NiMH batteries were developed especially to meet the higher energy demands of today's elec-

tronic devices and can hold up to power needs of digital cameras. NiMH batteries last longer and are more environmentally friendly than standard alkaline or NiCad batteries and NiMH batteries don't suffer from the "memory effect" like NiCad batteries.

QuickCharger Battery Charger

**'AA', 'AAA', 'C', & 'D' size
NiMH & NiCad Batteries**

"Best Battery Charger Ever!"
— *Richard Perez, Editor*
Home Power Magazine

The QuickCharger sets the standard in battery chargers for today's ultra-high capacity NiMH and NiCad batteries. Most battery chargers have not kept up with the advances in today's rechargeable cells. They don't charge NiMH and NiCads to their full capacity, and often generate heat while charging that shortens the life of the battery. The QuickCharger's sophisticated internal computer charges your batteries quickly without overheating. Batteries are automatically discharged prior to charging to improve capacity and life. The intelligent computer also uses a trickle charge on fully charged batteries so the batteries can sit in the charger for a week or two until you need them.

QuickCharger features:

- Recharges up to 4 "D", "C", "AA", "AAA" batteries.
- Analyzes batteries for their charge and capacity and rejects damaged batteries.
- Negative pulse charging and Intelligent Discharge System (IDS) prevents memory effect & overcharging.
- Charge "AA" NiMH batteries in about 2.5 hours.

Includes AC Adapter. One-year warranty.
Weight: 1 lb. Size: 6" W x 8" H x 2.5" D.
C. Crane Exclusive.

Item #CHG \$39.95

QuickCharger 12 Volt Accessories

Ten Watt 12 Volt Solar Panel

ResQMe ('rescue me')

The ResQMe is safety equipment no driver should be without. **This tiny tool can be a lifesaver.** It's small enough to carry around on a key chain, but powerful enough to shatter a car window in an emergency. Just press the head of the ResQMe against a side window, push, and the spring-loaded steel point will safely shatter the glass instantly. It also has a sharp, recessed blade for cutting through jammed safety belts. Adults only. Weight: 0.6 oz. Size: 2.9" W x 1.25" H x 0.9" D.

Item #PRT \$14.95

Car Air Purifier and Ionizer

Cars are a haven for airborne contaminants. This air purifier bombards your car's interior with negatively charged ions that help remove odors, dust, pollen, germs, bacteria and smoke. Leaves your car smelling as fresh as the mountain air after a lightning storm. To use, simply plug it into your cigarette lighter socket. It's maintenance free, uses no chemical agents, and the fresh air helps promote alertness while driving. Weight: 3 oz. Size: 1.8" W x 1" H x 4.3" D. Sticks out of cigarette lighter socket about 2.5".

Item #AIR \$24.95

Utili-Key

The Utili-Key puts six essential tools on your key chain. It has a knife, a serrated blade, a micro-sized Phillips screwdriver, an eyeglass screwdriver, and a #1 flathead screwdriver with a bottle opener. Stainless steel. Limited lifetime warranty through manufacturer. Weight: 0.5 oz. Size: 2.75" L.

Item #KEY \$8.95

Pure Water Mini-Classic II

Treat your family to the wonderful benefits of **pure water** with our best home distillation unit. Use distilled water when preparing food and you'll be amazed at how much better everything tastes. **The Pure Water Mini-Classic II is the absolute best home distillation unit we tested.** This superior water distiller will give you many years of dependable service with a minimum of care.

Made of top-quality stainless steel that carries a 15-year warranty, the Pure Water Mini-Classic II produces distilled water that **never contacts plastic**. A final drip through a carbon-polishing filter ensures wonderfully pure water. Operating the unit is easier than operating an automatic coffee maker. A safety shut-off switch turns the unit off in the unlikely event of it ever overheating. Maintenance involves simply rinsing the boiling chamber and replacing the carbon-polishing filter regularly. The boiling chamber is removable for easy filling and cleaning. The compact design of the Pure Water Mini-Classic II allows countertop storage of the distillation unit. The removable one-gallon glass collection bottle stores easily in your refrigerator. Made in U.S. Weight: 24 lbs. Size: 13.75" W x 15.75" H x 9.9" D.

Item #MC2 \$699.95

Item #MCF ... Carbon Filter 4-Pack ... \$24.95

Item #MCJ ... Additional Glass Jar \$19.95

About Distilled Water

Free yourself from the hassle and uncertainty of buying and transporting heavy bottles of water. Our water distillation unit produces pure, distilled water at home in your kitchen for less than 25 cents per gallon.

Distillation is the only purification that removes virtually all contaminants. Among the contaminants that distillation removes are chlorine, bacteria,

cysts, viruses, sodium, dissolved solids, nitrates (fertilizer residuals), organic compounds (solvents, herbicides, and pesticides), heavy metals including lead and arsenic, and radionuclides. Bottled water can still contain unhealthy contaminants.

For best taste, store distilled water in the refrigerator in a clean, covered glass container.

Ratchet Pruner

Best tested and Bob's favorite.

Our Ratchet Pruner consistently makes good, clean, healthy cuts with little effort. The efficient ratchet design lets a person of moderate strength cut a 1/2-inch branch with ease. The lightweight, aluminum handles are coated with an ergonomic, non-slip grip and the anvil type blade is made of tough, high-carbon steel. This excellent garden tool will prune anything from the 7/8-inch diameter green wood to the most delicate flower. Weight: 7.4 oz. Size: 8" L x 2.25" H.

Item #RAP \$17.95

Dovo Nail Clippers

The Dovo finger and toenail clippers are clearly superior to a dozen other styles we tested over as many years. They trim cleanly without a lot of effort. Made in Solingen, the German city famous for high quality cutlery and steel. Fingernail Size: 0.5" W x 2.5" L x 0.3" D. Toenail Size: 0.5" W x 3.3" L x 0.3" D.

Male Grooming Kit

Three exceptional chrome steel and stainless instruments from Dovo, a world leader in the art of steel, are featured in this exclusive kit from C. Crane. Unlike battery-powered models, our discreet hair trimmer is a precision tool that is solid, regal, and works perfectly. Likewise, the fine fingernail and toenail clippers are hand-selected as the best in the world for their superior craftsmanship. Purchase individual pieces separately, or save when you purchase this kit. Weight: 0.7 oz. Size: 1.9" W x 4" H x 0.75" D.

Item #MMS \$74.95

Dovo Hair Trimmer

This compact, stainless steel trimmer fits easily in a drawer or shaving kit. The unique cutting blades efficiently trim unwanted hair with just a twist of your fingers. Precision and sharpness are essential for nose hair trimmers, and this one always keeps a fine edge. Great for trimming around the ears, too, and it **doesn't use batteries**. Weight: 1.4 oz. Size: 2.3" L x 0.4" Dia. Germany.

Item #TRM \$29.95

Radio Antenna Back Scratcher

Radio lovers will appreciate this antenna-like back scratcher. It telescopes far enough to reach that tough, itchy spot in the center of your back. It has a handy pen clip you can use to attach to a broken antenna stub to bring in the BBC on shortwave in a pinch. Five curved fingers provide the scratching relief. Extends to 20.5 inches. Weight: 1 oz. Size: 6.8" L x 0.8" Dia.

Item #BAS \$9.95

Lightning Reaction Extreme Game

***New and improved
— with more
shock value!***

Our new Lightning Reaction Extreme has one shock mode and

three shock extreme modes. Take a handle, press the go button, and when the music stops the slowest to the trigger gets zapped. Some of the most fun adults can have without going to Vegas. Not for children, or anyone with epilepsy or a heart condition. Weight: 11.4 oz. Size: 5.5" H x 6.75" Dia.

Item #LRE \$29.95

Perpetual Motion Strobe

This remarkable, precision balanced strobe hovers magically in the air, creating an enthralling anti-gravity display. The strobe uses two red LEDs for an out-of-this-world effect. A soothing distraction for anyone who works at a desk — or as a con-

versation piece in the home. Touch-sensitive "On" switch with automatic shutoff for long battery life. Two S754E batteries included. Weight: 6.4 oz. Size: 5.5" W x 4" H x 3.1" D. Color may vary.

Item #PPS \$16.95

Awika Wind-Up Toy

The Awika is a mechanical bug that climbs over books and papers, and all the other small objects that clutter your desk. Powered by an eye-catching gearbox, the Awika will rush over your hands or toes, and scurry away shooting sparks. It has twelve quick feet, glow-in-the-dark gears, and a firefly-inspired sparkling backside. Weight:

1.8 oz. Size: 3.5" W x 3" H x 3.3" D. Ages 6 & up.

Orion 70mm Transporter Telescope

For years we've been looking for an affordable, quality telescope, only to find average optics and merely acceptable construction — until we used the Orion Transporter. It is a worthy telescope, with excellent optical performance at a great price. The major bands of Jupiter are readily visible through the 6mm (58X) eyepiece. This

remarkably affordable telescope sets up easily, and the included EZ Finder II aiming device makes finding that elusive lunar crater or nebula a cinch. The rugged carrying case holds both the tube and mount assemblies. It's a perfect portable telescope for exploring the grandeur of the final frontier. Optical tube is 15" long, with a 21x and a 58x power eyepiece. Includes a Min-EQ equatorial mount for tracking celestial bodies. One-year limited warranty. Weight: 12.5 lbs. Size: 14.5" W at base x 18.5" H x 4" Dia.

Item #OTT \$164.95

Monocular Spotting Scope

The small, lightweight Monocular is a great choice when you don't want to carry your great big binoculars. It's a simple, high quality 8x power scope at an unbelievable price. The large iris makes it easy to focus quickly, even with just one hand. Features clear, multicoated lenses with a folding eyecup, and a rubber-coated body for water resistance. Wrist lanyard and nylon carrying case included. You can use the Monocular with your digital camera by simply holding it over the lens! Weight: 2.5 oz. Size: 3.5" L x 1" dia.
